Assessor Comments	A nice line of well bred 2022 drop angus cows with rennylea blood angus calves at foot. Moderate framed cows doing a good job on their young calves. 10 heifer and 8 steer calves, all were marked and 1st 7in1 today. Cows were purchased to add to the spring calving herd and have calved out of sync for the operation so are being offered to the market. 1 set of twins gives an extra calf.
