Assessor Comments	35 EU Accredited PTIC Angus cows. These cows are PTIC for the start of August calving for 9 weeks to stud bulls Alpine Angus R061 and Mawarra Unforgiven U252. Snowy River Angus have been breeding Angus cattle for 30 years and the cow herd has always been based on top stud genetics. These cows are in ideal condition to calve down with the cows being up to date with animal health and would be a great addition to a cow herd.
