Assessor Comments	A small line Raff Angus Blood Heifers with Feb/March drop Raff Angus Blood Calves at foot, They present as medium frame heifers in forward store condition, The vendors purchased these heifers direct from Raff Angus as PTIC Heifers and they have decided to take a different farming direction and will offer these heifers and calves for sale, All heifers calved unassisted and are doing a great job on the calves and have not been rejoined, In summary all the hard work is done and they represent a great opportunity to purchase some very well bred young breeders that are sound in every aspect,
