Assessor Comments	Malebo Angus stud has made the decision to have a reduction sale with surplus heifers needed which has given the opportunity to purchase elite genetics for your commercial or stud herd. Stud Heifers presented have had no expense spared with sires used to top end Angus Sires, Pine View Mogul G241 USA19502726, Baldrige SR Goalkeeper USA19356243. This is a genuine herd reduction sale. Heifers all have made it through structural assessment stages in the stud, these heifers are all sound, docile and would fit straight into a stud program. You will have the choice to maintain their Angus Australia registration or have them as top end herd building commercial females.
