	Quiet: 12 head Slightly Stirry: 16 head	Quiet: 8 head Slightly Stirry: 20 head	Temperament not assessed in Paddock
	Cows flowed well through yards and race, however majority were slightly stirring in crush when being mouthed, however settled quickly once released back into mob. Generally, cows were a pleasure to handle.		
Handled With	Bikes , Dogs , Horses		
Assessor Comments	A tidy line of Angus/Angus x predominately middle aged cows with plenty of life still left in them. These cows are only for sale due to the lease ceasing and on going dry conditions. Cows had been running on light trap rock country so should perform on most types of country. Cows would suit potential buyers looking to replenish their breeder herds or someone looking for a 2in1 trade option to calve out and then fatten.
