Drenched01/10/2025Cydectin Long Acting

Vaccinated01/10/20257 in 1Booster

Vaccinated20/02/2026Vitamin ADEBooster

Vendor Comments

Heifers were apart of the replacement mob and have shown great constitution and fertility traits coming through a very tough dry summer with a lack of feed but still weighing well and having great conception rates. A very regrettable sale.

Joining Details

Station Mated bulls put in: 07/10/2025 bulls taken out: 04/12/2025 (59 days)

Other Joining Details	The vet noted in earlier pregnancy test that heifers were early in their joining and should calve in the first 6 weeks of calving.						
	Quality Grades <table><tr><td>Very Good</td><td>89%</td></tr><tr><td>Good</td><td>11%</td></tr></table>			Very Good	89%	Good	11%
Very Good	89%						
Good	11%						
Temperament	Yards Quiet: 51 head	Crush Quiet: 51 head	Paddock Temperament not assessed in Paddock				
	Heifers showed very quite temperaments and were super easy to handle and flowed through the process with ease. Heifers would suit someone who needs quite cattle.						
Handled With	Bikes , Dogs						
Notable Traits	Traits 2 Head Old pink eye scarring in one eye 1 Head White markings to navel.						
Assessor Comments	A rare but great opportunity to secure a line of very well bred EU Angus PTIC heifers that come from a breeding program of over 40 years in the business. The Rafferty family pride them selves in breeding Quality cattle that consistently meet the needs of feedlots and processors. Heifers are bred from a large framed quality cow herd of Quality New England Genetics including Wattle Top, Glenavon, Eastern Plains & Glen Morgan angus. Continuing dry conditions coming into winter see's a very regrettable sale of these replacement breeders, heifers are at good avg weight of 447 kg full and will continue to grow into large frame females consistent with Javor herd, Heifers had great conception rates showing great fertility. The valve is in the genetics of these heifers, this year the Javor steer weaners topped the A + market for that week making 561 cents at 302 kg. Calving from mid July onwards for 8 weeks to LBW quality angus bulls, Quality females from a consistent proven breeding program.						
Assessor	Steve Daley (Level 1 Accredited) Phone: 0499 898 561						
Delivery Period	10/05/2026 to 13/05/2026 (4 days)
