Assessor Comments	A rare opportunity to secure a select line of Angus females direct from the core of the Booragul herd. These cows represent the strength and consistency the stud is known for and are only offered due to ongoing dry conditions. Age breakdown: 1 6-year-old cows, 3 7-year-old cows Calves: 3 bull calves, 1 heifer calf Well-grown, structurally sound young females with productive futures ahead Calves are healthy, thriving, and showing excellent early potential These females are genuine stud-quality cattle and present a great opportunity for both stud and commercial operations looking to lift herd performance.
