Notable Traits	Traits 1 Head Blue eye (in pics) 2 Head Scarring one eye					
Assessor Comments	A line of middle aged registered cows with excellent calves at foot by Ardrossan Nectar. These cows have many years of breeding in front of them. They are generally large framed and have been used by the vendor to breed bulls for sale. Sourcing excellent genetics, they have some cracking Angus calves at foot. These calves are very even due to being AI'd. Ideal cows for including in any breeding programme or as a trade with all the work done with the calves on the ground. Cows weighed 654 at assessment 2 hrs in the yards. Opportunity to secure some very good genetics.
