Assessor Comments	"GENUINE HERD DISPERSAL". An outstanding line of 3.8 - 6.8 year old well bred hybrid vigour PTIC Cows present. Cows have been joined to 100% Angus sires. Vendor has been focusing on breeding off spring that best suits feedlot markets. The Webb family cattle are highly sort after by many feedlots across NSW. Bloodlines descend from both Millah Murrah & Naneena Angus and Turonville Shorthorns. Cows that have never been assisted while calving, and have handled the tougher seasons in their lifetime. Bulls in 23/10 - 18/02. Regretful sale due to tight season. Highly recommend. Vendor has another draft of 2 lots in sale. Opportunity to put 3 b doubles of PTIC cows together.
