Assessor Comments

Here presents a line of Station Mated Crossbred Cows and Calves. Cows present in store condition and given the right opportunity would bounce away for successful purchaser. A large portion of these cows are vendor bred and the balance were purchased PTIC from multiple locations. These cows and calves would be ideal to fatten and split and are only being offered due to extremely dry seasonal conditions. Cows are being supplementary fed a high protein diet to maintain strength. Cows have been continuously running with composite bulls. Majority of cows assessed are 7 years and younger with a small portion of older cows. Not all cows had visible age brands, all cows without brands or older cows were mouthed finding 11 sound full mouth, 5 worn/broken. Lighter body weights reflect younger heifer portion of mob. Vendor happy to offer 6 or 12 month payment terms to approved purchasers, \$250 added to knock down price for 6 month terms, \$500 added to knock down price for 12 month terms.
