The owner declares that the cattle have not been treated with HGP at any period of their lives

Health Treatments

Drenched01/10/2025Flukazole C

Vaccinated01/10/20257 in 1Booster

Vaccinated20/02/2026Vitamin ADEBooster

Vendor Comments

This line of females were a core part of the ongoing breeding program but due to seasonal conditions we are forced to sell. Consistent young proven breeders that will be missed.

Joining Details

Station Mated bulls put in: 07/10/2025 bulls taken out: 04/12/2025 (59 days)

Bull Breed(s): Angus

	To the vendors best knowledge, this lot has had no access to bulls or stags aside from stated joining period.

Assessor Comments	A great opportunity to secure a line of young very well bred EU Angus PTIC cows that come from a breeding program of over 40 years in the business. The Rafferty family pride them selves in breeding Quality cattle that consistently meet the needs of feedlots and processors. Heifers are bred from a large framed quality cow herd of Quality New England Genetics including Wattle Top, Glenavon, Eastern Plains & Glen Morgan angus. Continued dry conditions coming into winter see's a regrettable sale of these proven breeders. Cows had great quite temperaments and present in good forward store condition. The valve is in the genetics of these cows, this year the Javor steer weaners topped the A + market for that week making 561 cents at 302 kg. Calving from mid July onwards for 8 weeks to quality Abington angus bulls, proven consistent females that are Genetically very good. Don't Miss.								
Assessor	Steve Daley (Level 1 Accredited) Phone: 0499 898 561								
Delivery Period	27/04/2026 to 29/04/2026 (3 days)								
Delivery Point	"Reedy Creek" is Located 42 km's North West of Guyra and 50 km's South East of Inverell. GUYRA NSW 2365 Lat: -30.2168387 / Lng: 151.6676377
