Assessor Comments	***Please note vendor is selling a total of 52 PTIC Heifers, to be sold as 2 x lots of 26hd as a run out the gate***. Renver Primary Production will offer 2 x 26hd lots of PTIC Angus heifers. To commence calving approx 20th July to 15th Sep. PTIC to low birth weight sires by 'The Glen Angus'. Heifers are rising 2yo/will calve as 2yo, and are Cluden Newry and Twynam Angus blood. Majority of the 52 heifers were purchased from the neighbour who is a long-standing Angus breeder, with a handful of heifers purchased as a lot from Mortlake weaner sales that were selected to also be joined. Heifers were intended to be kept as future breeders, but vendor has a lease property finishing its term. Heifers display plenty of quality and style and would make a great addition to an existing spring calving herd.
