Assessor Comments	A run of PTIC angus cows being sold due to surplus numbers. Ranging in age from 2nd to 5th calvers. Impeccably bred females that will continue to produce high quality weaners. Vendor bred out of a closed herd, temperament, type and fertility all excellent. Due to start calving on the 4th of August for 8 weeks. A great opportunity to secure genetics from Dukalsksis Farming that regularly top weaner markets with the offspring out of these cows.
