Assessor Comments	This is an outstanding line of Angus Steers out of a highly recognised cow herd. The steers are by Dunoon, Rennylea and KO Angus genetics. All bulls used in the herd average in the top 20% for growth carcass and IMF. There is 1 steer in the mob with old pink eye scarring. There is 1 steer in the mob with white to his pizzle. This is a fantastic opportunity to secure a great line of Angus steers with many years of genetics and performance. These calves have been in extremely dry conditions since birth. Their weight for age in these conditions is a credit to the vendor. Vendor has 2 other lots in this sale. Agent has other lots in sale, all cattle within 30kms of Singleton ideal to fill trucks.
