| Assessor Comments      | Top quality draft of steers all 370 kg plus, these steers have been in containment pens on grain ration which will make for a very easy transition into any other feedlot with all the hard work having been done. . Yammatee cattle are highly sought after by several major feedlots in the Eastern States and have a great reputation for their very good doing ability.                    |
