Any Access To Bulls or Stags?	To vendor's best knowledge, this lot has had no access to bulls or stags.

Temperament	Yards	Crush	Paddock
	Quiet: 8 head	Quiet: 8 head	Temperament not assessed in Paddock
Cattle are notably very quiet and easy to handle. The weaners drafted off their mothers with ease and walked through the race and into the crush without any undue pressure. They were a pleasure to handle and would be suited to all levels of stock handlers. Vendors use low stress stock handling practices with their cattle.			

Handled With	Bikes , On foot , Vehicles
Assessor Comments	Excellent opportunity to secure a line of exceptionally bred Angus heifers with fantastic temperament and great genetics. The cattle are handled regularly with use of low stress stock handling practices resulting in a well mannered, user friendly line of heifers. Cattle are often yarded on foot or by being called, with the temperament displayed being a true result of a limited stress environment. Heifers are sired by Witherswood bulls out of a Glenruben blood cow herd. Bulls are selected with a focus on temperament, feet and length of the body, with these heifers being a prime example of all. With years of breeding behind them, this article would be ideal to target multiple avenues such as feeder, trade or export markets or add to a breeding program. Proven performers with numerous repeat buyers coming back due to the product produced by the operation. With so much potential in these heifers, they are an article not to be missed.
Assessor	Georgia Sampson (Level 1 Accredited)
Delivery Period	18/04/2026 to 24/04/2026 (7 days)
