Assessor Comments	A/c Krongart Pastoral – 85 March/April 2025 drop Angus and Black Baldy steers. **EU Accredited & PCAS Eligible** Weighed 420-500kg full to average 444.5kg empty at delivery. These steers are bred to perform. They have been running on Irrigated Lucerne pastures and are very quiet steers being a pleasure to handle. The Krongart cattle go forward and grow into heavy trade or export weights year in year out. These cattle have always attracted repeat buyers, showing excellent weight for age and have always performed well, they come with my highest recommendation. These are a line of steers you won't want to miss.
