Assessor Comments	A Top-quality line of Angus x Angus steers bred from renowned Milla Murrah bloodlines. Steers have the bone and capacity to grow into feeder weights or heavy kill weightst if given the opportunity. Steers have been on an oats crop for the last 4 weeks and have really pumped the weight on. This is a great opportunity to put these steers on crop/pasture and deliver to the feedlots at the back end of winter and take advantage of the winter markets. These steers were purchased off Aplus in December 25 and have grown well in the last 6 months. Vendor is only selling these steers to make room for other cattle on the property. Two steers have got old pink eye scarring but is not considered detrimental as they can see well.
