	Steers handled well under a calm and safe environment. The odd steer displayed discomfort in the lead-up and crush however yard setup can be to fault. They were quick to settle once in a group.

Assessor Comments	Buyers, on offer is 25 MILWILLAH BLD Angus steer calves. Steers display excellent bone, thickness, length and depth,		

showing all the attributes buyers look for in high-performing feeder cattle. A very even line with plenty of frame and growth potential, they are ideally suited to backgrounding operations or to be taken through to heavier feeder or kill specifications. The steers were yard weaned for 7 days and educated onto hay feeders, ensuring they are well prepared for their next stage and have since been running on improved pastures. A genuine opportunity to secure quality Angus steers with strong weight gain potential. Please note, the vendor also has 23 Angus heifers offered in the same sale.
