Assessor Comments	Buyers, on offer is a good line of 23 MILWILLAH BLD Angus heifers. These heifers display all the traits sought after in quality breeding females, including good bone, thickness, length and depth. They present as a very even line with plenty of performance and femininity, and offer buyers the flexibility to continue growing out into future breeders or to take through to heavier feeder or kill specifications. The heifers were yard weaned for 7 days and educated onto hay feeders having since ran on improved pastures. Heifers show strong potential to add value in a range of operations. Please note, the vendor also has 25 Angus steer calves offered in the same sale.
