Assessor Comments	Buyers, on offer is a good line of 54 Shorthorn and Composite steer calves. Sired by quality Blue-E Composite and Yamburgan Shorthorn bulls, these calves are 9–10 months of age and represent the lead draft of the drop. Weighed into a tight range, from 210–300kg, the steers present in predominantly store condition and display good frame for compensatory weight gain. Steers are out of large-framed cows, presenting as an excellent opportunity to secure a well-bred, even line of young steers with plenty of performance ahead of them. Steers are NeverEver & Grassfed accredited. For further information, please contact. Please note, vendor has 26 Angus Steers in the same sale.
