Assessor Comments	Top quality weaned Angus steers from one of the better herds in this district. Drafted this 70 out of 145 steers, they have the frame and conformation to perform on grain or grass. The Steers have had all the animal health treatments including the first Bovillis vaccination. They present in fresh condition and have had no set backs. This herd has undergone a heavy culling regime in the last few years and that shows through . There is 12 Angus cross steers also in this sale.
