Assessor Comments	Good quality line of Angus steer Weaners. These steers weighed in a tight weight bracket from 211-271kg at assessment. Please see other line of 15 of their bigger brothers to make a deck load. These steers are bred from one of the better beef herds in the Batlow region. With vendors selecting the top end sires from many top end Angus studs around. The Glynn cattle are well known for their temperament & doing ability. Highly recommended by assessor. Any questions please give myself a call. Please see other lines of steers and heifers on offer on behalf of the Glynn family, opportunity to put 4 lines back together.
