Temperament	Yards	Crush	Paddock
	Docile: 5 head Quiet: 8 head	Docile: 4 head Quiet: 8 head Slightly Stirry: 1 head	Temperament not assessed in Paddock
	Steers are extremely quiet and easy to handle during the yarding, drafting and weighing process with only 1 head becoming slightly agitated whilst being weighted in the crush. These cattle would be ideal for any level of stock handler		
Handled With	Bikes , On foot , Vehicles		
Assessor Comments	Offering an extremely quiet line of well bred Table Top Angus blood steers on behalf of Steve Mooney of Everton. The cattle produced off this property are bred with an emphasis on good structure, frame and docility. The vendor has handled the cattle regularly and uses low-stress stock handling practices on a regular basis. Cattle are often yarded on foot or by being called, with the temperament displayed being a true result of a limited stress environment, making them suitable for all levels of stock handlers. This article would be ideal to target feedlot entry weights or suited to grow into heavy export bullocks. Please note vendor has another lot of 14 heifers in the same sale. Grass fed only, antibiotic free.
