Assessor Comments	Tops of the drop EU Accredited Angus Steers drafted into a neat 2 deck load. Steers are well weaned and up to date with all animal health treatments. The program have been using quality Angus Bulls from Banquet Angus for a number of years and buying bulls at the top end of the catalogue. Weight for age the steers have weighed very well and have had a dream run with nearly the perfect past 6 months and is great to see the potential of these calves met. Steers touching feeder weights but would thrive in any operation whether a backgrounder, feeder or finished purchase they will go ahead.
