Assessor Comments	162 NSM Merino Breeding ewes present in outstanding condition and have been proven breeders for the Veitch family already. Theses ewes have plenty of breeding ahead of them and are an ideal line to take on and put with the ram of your choice. The Veitch family have been on Kelvale blood for 20 years and breeding large framed plain bodied sheep. This is a good opportunity to secure a very neat line of quality Kelvale blood ewes that are only being sold due to being surplus to the vendors requirements.
