Handled With	Bikes																		
Assessor Comments	A outstanding line of weaned Angus steers by the choice Angus bulls out of large framed Angus cows. These extremely quiet steers have been recently drenched and vaccinated, they have also been given a bovishield MH shot for the buyers convenience. These steers are ideal to take on to feeder weights or grow out to bullocks. These steers come highly recommended. 3 steers have very small spot in their eye from old pink eye scarring.
