Assessor Comments	A quality line of 80 Angus heifers averaging 294kg, offered on behalf of Double JK Pty Ltd, Lade Vale. These well-bred, predominantly Hillview Angus blood heifers are out of large-framed commercial Angus cows and present in forward store condition, showing excellent shape, frame and growth for age. The heifers range from 252kg to 351kg and have been running on improved pastures. The heifers were weaned in March, with a portion more recently yard weaned, and are handling the transition well. Presenting as an even, good quality line they represent an excellent opportunity for backgrounders, feeder operators or breeders seeking quality Angus females with strong growth potential and future versatility.
