Assessor Comments	An excellent run of weaned Angus steers from the 'Slap Up' herd. Presenting in forward store condition, steers are on the do and will reach feeder, domestic and export weights if given the opportunity. Steers are Hazeldean blood with vendor purchasing Hazeldean bulls at auction each year. This lot of steers were exceptionally quiet in the yards (please see video as they walk out). This lot represent the complete drop of steers with a 20% tail removed.
