Assessor Comments	AAJ & MJ Jarvis offer an exceptional line of 45 Angus X Angus heifers, representing a quality selection from their 2025 spring drop. These heifers are bred from the renowned Jarvis herd and display the genetics, temperament, and structure that make them highly suitable as future breeding females. These well-grown heifers exhibit excellent length, femininity, depth of body, and overall balance. They have been carefully selected from a productive Angus-cross cow herd renowned for fertility, maternal performance, and longevity. Their breeding background provides purchasers with an outstanding opportunity to secure quality replacement females capable of adding value to any breeding enterprise. Presenting in fresh forward store condition, these heifers offer tremendous versatility. While strongly recommended as future breeders, they also possess the performance and growth potential to suit backgrounding or grass-finishing programs. The Jarvis breeding program has consistently focused on producing functional, fertile, easy-care cattle that thrive under commercial conditions. These heifers reflect that philosophy and represent a genuine opportunity to purchase quality females with proven maternal genetics behind them. Animal Health Grass Fed Accredited Treated with Ultravac 5 in 1 Well handled and managed These heifers are the type that will appeal to producers looking to strengthen their breeding herd with productive, fertile females carrying strong Angus influence and proven.
