	Quiet: 6 head		Quiet: 5 head			
	Very good to handle in the yards and when processing					
Handled With	Bikes , On foot , Vehicles					
Assessor Comments	Randell Pastoral presents 11 Angus X Angus heifers, the sisters to the accompanying line of steer weaners, offering buyers access to a quality group of females carrying the proven performance and maternal traits of the highly regarded Merridale Angus bloodlines. Bred from Angus cows and sired by Merridale Angus bulls, these heifers display excellent femininity, structure, softness, and capacity. They are the type of females that have been bred to perform in commercial breeding programs, with strong maternal genetics and the potential to develop into productive and profitable breeding cows. These heifers have been raised under Upper Murray conditions and present in healthy store condition, showing good growth and weight-for-age. Their breeding background provides confidence in fertility, longevity, and maternal performance, making them an attractive option for producers looking to retain and develop future breeders. While highly recommended as replacement females, these heifers also offer flexibility for backgrounding or grass-finishing programs.					
Assessor	Justin Costello (Level 1 Accredited)
