Assessor Comments

A quality line of Angus Weaner Steers. Sired by Gilmandyke Angus bulls, and out of Large framed Angus Cows. These Steers are August/September 2025 drop and were purchased privately as Cows & Calves late 2025. They were weaned

Mid March and have had 2x 7in1, Multimin Chrome and Drenched Abatech. These steers present as an opportunity to purchase quality Angus steers to background to feeder weights. Please note there is old pink eye scarring throughout this mob of steers, not deemed detrimental to future performance. Also there are a handful of steers showing slight ringworm, also considered not detrimental.
