Assessor Comments	An excellent quality line of Angus steers account Hansen Angus - Yea. these steers are autumn 2025 drop steers that are 13/14 months old and predominantly Merridale Bloodlines used for the last 15 years with some Ai programs done at times. these are reputable steers highly sought after from bullock finishers usually sold in the Euroa Feature steer sales in December. Steers have received a full list of animal health treatments and will be ideal steers to grow into heavy weight Bullocks on Grass or grain.
