	These calve showed incredible temperament in the yards with plenty of calves having to be pushed out of the way. A credit to the vendor!!		
Handled With	Bikes , Dogs , Horses , Vehicles		
Assessor Comments	A very smart line of Jul/Aug drop Angus steers sired by a son of Paratrooper P15. Calves were weaned in mid March & have continued to do well on fresh pasture whilst being supplemented with hay & silage. The temperament on these young		

steers is absolutely brilliant! They present in fresh store condition & are an ideal article to grow out to feeder weight or heavy export bullocks. They come with my highest recommendation!! NOTE: The Black Baldy steer weighed 366kg at assessment & can be left out at buyers discretion.
