Assessor Comments	A great opportunity to purchase a straight line of 75 Angus heifers presenting in strong fresh forward condition. Ideal young heifers with good stretch, bone and frame to place onto feed to grow out as big large breeders or feeder cattle. These heifers are well bred from recognized stud sires. As these heifers are out of a cold wet climate, and are showing improvement daily now that they have a solid green pick. These heifers are well weaned and have been worked with dogs so a very quiet to handle. The cows are continually running with bulls so these heifers have been preg tested on the 03/06/26 empty. Highly recommend these heifers to any purchaser. Vendor also has another small line of 18 in this sale, which may help with truck loads.
