Assessor Comments	Offering 48 Angus/Charolais/Charbray cross Steers. All Steers were weighed after having access to minimal hay and water overnight, ranging from 387 to 522kg to Av. 460kg. They were mouthed to be 75% Milk teeth and 25% breaking or full two teeth. On Monday the day prior to assessment all cattle were mustered, walked over 5km and drafted as a mob of 1,200 head, so they have had big yard time and curfews. These steers are MSA accredited, HGP-free and display very good frame, bone and shape, making them well suited to perform in the feedlot or finish on an oats crop. They are vendor bred out of medium to large framed Brahman, Charbray and Brangus cross cows and sired by quality bulls including Texas, Ardrossan, Murdeduke Angus and Palgrove Charolais. A total of 54 steers were assessed and photographed with 48 offered for trucking (Steers over 522kg will be removed). Two steers are of more Charbray types with slight hump with one black baldy steer. Please note that there are also another run of 5 decks of 120 Angus X steers and 4 decks of 88 spayed heifers being offered in the same sale.
