Assessor Comments	Buyers, this is a good line of replacement breeding Burigal EU Angus & Angus cross heifers that present in store condition averaging 273kg. Only getting sold due to seasonal conditions. These heifers show great femininity with length volume and depth of flank. Heifers show nice natural muscling, softness with skin. Heifers are very feminine types and would make great future breeders. These heifers are normal retained as replacements. They are bred out of medium to large frame fertile soft Angus cows by top quality stud Lawson, Carabar & Circle 8 Angus sires. Heifers worked very quietly through yards and will be handled right up to trucking. Note 1 heifer has old blue eye scaring but not detrimental.
