	Most of the steers stirred slightly whilst in the crush, however once released into the bigger yard with the mob they settled quickly. Steers flowed well through the yards and race and were a pleasure to handle throughout the assessment process.		

Handled With	Bikes , Dogs
Assessor Comments	A line of weaned cross bred steers. Steers were raised on ridgey hill country and weaned then brought back to wintered grass paddock so should perform well with the chance on better feed. Steers have good length and bone and would suit potential buyers looking for cattle to grow onto heavier feeder weights or export slaughter weights. Steers have been handled well and were a pleasure to handle. **Note: Vendor has another lot of steers in this sale
