Assessor Comments	10 Good quality Angus weaner steers weighing 240kg curfewed at assessment. These well-bred steers are currently grazing a quality oats crop, doing daily gains of approx. 1kg/day and present in healthy store condition with good frame and growth for age. Ideal to further background on pasture or crop before entering any Angus feedlot program, with the temperament & performance to also be taken right through to heavy grass-fed markets. A genuine line of young steers offering excellent weight gain potential and market flexibility. * Buyers please note some small rub marks on a couple of the steers but not deemed detrimental to their health.*
