	Quiet draft of steers to handle through the draft and assessment process, one steer ran around a little but was good once settled back in with his mates. No concerns with this draft of steers		
Handled With	Bikes , On foot		

Assessor Comments	A nice even draft of weaner steers, these steers have been weaned and are ready to keep moving, with the good milking Droughtmaster females these steers have had plenty of opportunity and have grown out well. These would be a nice pen of steers to grow out on crop to trade or selectively grow to bullock weights with the good bone and frame in these steers. This is the vendors complete draft of steers. Good temperament and weaned and located in TICK FREE area.
