Assessor Comments	Buyers, here is a nice line of good quality lightweight healthy weaned Angus steers averaging 245kg. These steers present in store condition with good frame and length. Steers show nice breed characteristics with plenty of room to fill out. Steers are normally backgrounded out and sold as heavy feeders. They are bred out of medium to large frame Angus cows by well balanced soft Cossart Angus sires. Steers worked very well through yards. Steers are grass only eligible and antibiotic free. Note 1 steer was banded on the 25/7 and still healing up.
