Assessor Comments	Buyers on offer are 58 good quality EU weaned NSM heifers that AVG 258.1kg that are ideal replacement breeders, Heifers are from a very fertile heard of cows and have had many years of breeding behind them. Heifers show good femininity and come with plenty of length and softness, Cattle are very tidy around the heads with a fair percentage being polled. Heifers are also ideal to grow out through to heavier feeder weight or grow out to kill weights at a young age.
