Assessor Comments	Buyers, here is the lead of the Bidgel weaned EU Angus- Angus cross steers for 2026 averaging 222kg at 6 to 8 months old. These steers present in store condition showing nice bone and length. Steers have nice natural thinkness with volume and breed type. Steers have done very well with failing seasonal conditions, being bred out of medium to large frame Dalkeith Angus & Angus cross cows by top quality stud Bowen & Glen Avon stud sires. Steers worked very well through yards and are being handled and tailed out until delivery. Dalkeith cattle have a very good reputation for performance and temperament. These steers are only getting sold due to failing seasonal conditions. 6 red coloured steers in draft. Note old lice scaring but clearing up
