Paddock

Steers worked well through the yards. Only the odd steer stirred in the crush when weighing. Steers have moved paddocks regularly and handle extremely well in the paddock.

Assessor Comments	A high quality line of Angus x Angus steers. These steers have had a start on the oat crop and are currently averaging 1.2kg/day. Steers were purchased out of Scone weaner sale earlier in the year off the reputable Coolie Angus and are really showing the quality when grown. A lot of opportunity left in these steers for the prospective purchaser whether it be grass or grain.
