Assessor Comments	123 GQ Soft Crossbred Heifers. They are well suited to grow out to Feeder or Slaughter weights with 115 x suitable for the Supermarket Trade & 8 x Flatbacks. They are Quiet, have Good Feet & are all Milk Teeth. Take note of the compensatory weight gain available if given access to high quality feed. 100% weighed, assessed & mouthed at assessment full, but in the yards overnight with access to Mitchell Grass Hay & Water. They were Preg Tested undetectable at assessment by Dr Shae-Anne Willman from Great Artesian Vet Surgery (certificate & NLIS file available). Vendor has another 6 decks of Vendor Bred Feeder Steers in the same sale. They are running together in the same paddock & it would be appreciated if buyers could deliver in a similar timeframe. Ayrshire has some Prickly Acacia. Please factor above traits into your bidding.
