Totals			43%	57%	100%

Comment on Fat Score 1 Cattle	These steers are fit to load and healthy at assessment. Fit to load guidelines will be followed at delivery.
-------------------------------	--

Vendor Bred	Yes
Stock History	A soft line of vendor bred steers that have had all the work done to them. Part of the usual turnoff of weaners for the vendor with some years they take them out to heavy feeder weights if the season allows. Genuine offering of soft well bred steers!
Lifetime Traceable	100% of cattle in this lot are Lifetime Traceable
Breeding Comments	Out of a large framed cow herd consisting of Charbray, Brangus, Angus & Brahman x cows. Sired by RAFF Angus bulls and Bauhinia Park Charolais bulls.

Grazing Conditions	These steers were weaned late June and have been grazing in a paddock of hayed off Buffel with some legumes and native grasses. Grass has not been frosted yet so steers have had a slight weight gain of .3/kg/day since weaning.
--------------------	--

Returned same

Burr/Seed in Coat	No Burr or Seed of weeds declared noxious observed in the coats at assessment					
HGP Status	The owner declares that the cattle have not been treated with HGP at any period of their lives					
Health Treatments	Vaccinated	28/01/2026	5 in 1	First Dose		
	Vaccinated	15/07/2026	5 in 1	Second Dose		
Vendor Comments	Buyers please consider out soft line of weaned steers. We pride ourselves on producing soft market suitable cattle. We have spent extensive time on these steers during weaning and have great confidence they will go on and perform.

	Quiet: 40 head		Quiet: 50 head		Paddock	
	Slightly Stirry: 2 head		Slightly Stirry: 7 head			
	Buyers these steers were a pleasure to draft, handle and assess. They have had extensive education and handling at weaning by the vendors and their children. The odd steer slightly unsettled in the crush whilst being assessed which is understandable for a weaner. Please refer to my videos for how quiet they handled in the yards and also letting out of the yards. All the hard work has been done, ready to power ahead!					
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , Horses , On foot , Vehicles					
Assessor Comments	Buyers please consider this soft line of 72 EU & Teys Grasslands accredited weaned steers (2 decks). Weighing from 220 to 380 kgs to avg 294 kgs at assessment or approx 283 kgs at delivery. A quiet line of soft crossbred steers that have all the hard work done with an extensive weaning 6 weeks ago. The vendors keep their property clean of tick so will offer these steers guaranteed clean of tick at delivery and have also pre treated with Moxxi pour on to suit tick clearing guidelines. An attractive line of EU steers that will suit the feeder market or carry on and finish to Grasslands bullocks. I have full confidence these steers will go on and perform to their renowned reputation and highly recommend your interest. Buyers please refer to my photos and videos as part of my description.
