Assessor Comments

Buyers A Quality run of the Terrica Station Angus weaned Heifers. Heifers have been weaned and have already hit the ground running. Cattle have plenty of quality breeding behind them in including Speriby North, Inglebrae Angus Bloodlines. Heifers have had all the hard work done including Rhino guard, Bovi Shield, 5 in 1, drenched and are ready to go straight out to the paddock of your choice. Cattle would be ideal to replenish any herd as future breeders or grow on to future domestic feeder markets. Cattle have had access to quality hay and XLR8 pellets and showing great daily weight gains. (Please note Vendor has multiple lots in the same sale.)
