Assessor Comments	A line of EU Angus heifers that would suit the domestic / export market or as potential breeders. Te Mania Angus Bulls are selected for high EBV's, growth, good bone structure & length. Of 122 heifers assessed, noticed 7 with blue eyes, old scaring (includes 1 with white dot on eye) & 5 with small amount of white on udder. Heifers will be sold in 2 lots of 61 head, a run out the gate in two even lines to the best of our ability. Heifers are only being sold due to the ongoing dry conditions in the Goondiwindi district. These heifers are well bred & would normally be kept are replacements or grown out for the feeder markets.
