Assessor Comments	A nice quality even line of Angus weaned heifers that are Majortley vendor bred that present in good forward store condition. The vendor bred heifers are from a self-replacing Angus herd of Glenavon blood angus cows and were sired by quality KO Angus bulls G18 General N50 and 7102 Intensity N14 with the other portion of heifers being purchased as weaners from the Moss Vale area back in the Autumn. Heifers have been rotationally grazing on quality improved temperate pastures and have been well handled with dogs and bikes. Heifers are perfect articles to suit all future angus premium markets as they are grass fed and antibiotic free eligible as well, heifers also very suitable to keep as replacements for future breeders. Recently drenched heifers are a set and forget article that will steam away in warmer months ahead.
