Assessor Comments

A good quality line of angus cross yearling heifers that offer a great opportunity to buy a line of heifers that have all the hard work done, going forward these heifers are perfect backgrounders to put on crop to grow out to heavier weights. Heifers offer that extra hybrid vigor with the Belmont Red cross with the added advantage of handling the warmer conditions better also as we head into the spring and summer months. Heifers are all frame that present in great backgrounding condition that averaged 337.3 kgs full at assessment, heifers are also currently grass fed eligible and Antibiotic free eligible opening up so many more markets out the other end when finishing especially for the domestic supermarket grass fed trade. Heifers are well handled and will steam ahead given a rising plain of nutrition. Please see another line of steers for sale that are out of the same mob in this same sale.
